

POWERS DECIDE TO ACCEPT PLAN MADE BY HUGHES

Nations to Enter Con- ference of Experts as Suggested

LONDON, Oct. 30. (A. P.)—Europe is to make another effort to unravel the everlasting reparations tangle. The British government today decided to accept the French premier's reservations on the British charge d'affaires at Washington to be instructed by cable tonight to inform Secretary Hughes of the decision of the powers to enter a conference of experts such as Mr. Hughes suggested in his reply to Foreign Secretary Curzon's plea for American participation.

If all goes this commission of inquiry will be started before the overseas premiers leave London, and it is hoped that in spite of France's severe restrictions it may lead to a larger plenary conference on the whole European situation at Washington or elsewhere in which the powerful neutral nations like the United States may hear their voices heard. Sir John Bradbury the British reparation delegate whose opinion on France's terms for the experts' conference was sought informed the British government today that while some of the conditions would sharply limit the scope of the conference, he felt that Great Britain could not take the responsibility of uttering a peremptory "no" to France and risk the loss of American participation. There is a strong desire among British government officials that the experts' commission shall have an American chairman whose neutrality and disinterestedness they feel would insure a greater measure of impartiality and justice in the committee's decisions. They would welcome as the American members, it is said, a financier of such international standing as J. P. Morgan or a lawyer of such repute and foreign experience as Roland W. Boyden or Paul Cravath.

Will Invite Japan

Japan will be invited to join in the discussions of the experts' committee.

The British believe that Japan's detachment from the immediate affairs of Europe will enable the Japanese member also to take an objective unbiased view of the reparation problems and with the American delegate exercise a moderating or even mediating influence upon the discussions of his more interested colleagues.

It is understood that General J. C. Smuts, premier of South Africa and some of the other more progressive delegates to the imperial conference were opposed to acceptance of the French restriction, favoring a larger, all-inclusive conference even without France but the opinion of the more moderate and calmer counsels within the cabinet prevailed and it was decided to make a start at least with the smaller conference.

Paris Accepts

Paris, Oct. 30.—The inter-allied reparations commission today unanimously voted to postpone consideration of the German application for a hearing on Germany's capacity for payment until further information is received in the negotiations between the allied governments for the creation of an experts committee to investigate the subject.

Some of the delegates at first favored proceeding regardless of the proposed experts' conference but they abandoned their attitude upon the explanation of the British delegate, Sir John Bradbury that the commission in so acting might forestall or interfere with the plans for the international conference. An official communiqué given out after the meeting of the commission reads:

"In view of the negotiations actually in progress between the allied governments, the reparations commission decided to adjourn examination of the note presented on Oct. 24, by the Kriegsausschuss (German war burdens commission)."

STEEL CORPORATION DECLARES DIVIDEND

NEW YORK, Oct. 30.—Directors of the United States Steel corporation today declared an extra dividend of one-fourth of one per cent on the common stock in addition to the regular quarterly dividends of 1-4 per cent on common and 1-3-4 per cent on preferred.

JAKE SCHAEFER WINS FROM EDOUARD MOREMANS

New York, Oct. 30.—Jake Schaefer of San Francisco won the slowest played game in the history of 182 ball time championship history tonight from Edouard Moremans of Belgium, 500 points to 451.

The game went 19 innings and required four hours and five minutes to play. In the afternoon match today Walker Cochran of Los Angeles defeated Roger Conti of France, 500 to 457.

CONGRESS INFLUENCE BROUGHT TO BEAR IN HOSPITAL PURCHASE

Witness Swears He Came to Washington for Interviews

WASHINGTON, Oct. 30.—Congressional influence was brought to bear to block a plan of the veterans bureau to abandon the projected tuberculosis hospital at Excelsior Springs, Mo., the senate investigating committee was told today by E. L. Morse, prominent in Republican politics in Missouri, and manager in that state of the Lowden campaign for the Republican presidential nomination in 1920. Morse subsequently sold the plan to the government for \$116,000.

The property consisted of the Morse Homestead and ten additional acres and was leased to the government under an agreement which it has been charged before the committee was rushed thru by Ewing LaPorte, then assistant secretary of the treasury on the last day of the Wilson administration despite recommendations from the Public Health Service that the place was not suitable for a hospital.

Further adverse reports were made by medical men, the evidence showed and in June, 1922, the veterans' bureau decided to abandon the project.

Morse testified that when he came to Washington to use his influence with senators and representatives, who protested to the bureau. He said he saw fifteen senators and that one of them, Senator Bursum, Republican, New Mexico, took the matter to the white house. Later the sale was consummated.

Morse was on the stand today for more than two hours.

LLOYD GEORGE SHOWS DEMOCRACY GREATER THAN ANY AUTOCRACY

Says Great Britain and America Will Stand Together

PHILADELPHIA, Oct. 30. (A. P.)—Belief that the people of America and Great Britain "will stand behind democratic institutions whatever may befall in any other land," was expressed in an address here today by David Lloyd George. Emphasizing the advantages of a democratic government over an autocracy the former British premier declared that he "was glad to be here where the greatest democracy on earth made its headquarters."

The address was delivered in the Academy of Music before the Philadelphia Forum.

Mr. Lloyd George warned that democracy is imperiled in the face of a reaction in Europe reflected in the establishment of autocratic governments in Russia, Italy, Spain "and for the moment, Germany."

Believe me, the former premier said, democracy is on trial; may be not here. You will stand by it. But there are other nations that have given it up, there are nations that have attempted to give it up and unless the nations that have tried and have been brought thru many trials, stand by it, democracy in the world may disappear.

"We have three great democracies in the world at the present moment, to stand by these principles, your great land, France and Britain."

MCKINLEY SAYS WE SHOULD JOIN LEAGUE

DECATUR, Ill., Oct. 30.—(A. P.)—Declaring that he believed that the United States made no mistake in refusing to join the league of nations, but that there were many lines along which the United States could help the world by cooperating with the league, United States Senator William B. McKinley reviewed conditions in Europe as he had observed them for the National Council of Women at their convention session here tonight.

Europe's chief trouble, as he diagnosed it, was the fact that a majority of the nations in Europe have sowed crops of hate for so long that they are raising nothing else. He said that he did not believe any attempt to end war would be successful until this condition was changed but he dwelt at length upon the activities of the league in regulating traffic in narcotics, in health quarantines and in securing better conditions for women and children. In these activities he said that the United States can and is participating with profit.

BLACKMAILERS PLEAD GUILTY IN COURT

Cincinnati, O., Oct. 30.—(A. P.)—Rose Putnam and Don Osborne who were indicted by the federal grand jury on charges growing out of an alleged attempt to blackmail John L. Bushnell, banker of Springfield, Ohio, son of the late Governor Asa Bushnell, pleaded guilty in the United States district court here today.

Miss Putnam was sentenced to six months in the Miami county jail and Osborne was sentenced to twenty-one months in the federal penitentiary at Atlanta.

RAILROAD OFFICIALS SAY LOWER RATES NO HELP TO FARMER

Committee Appointed to Draft Reply to President

NEW YORK, Oct. 30.—Presidents and other executives of every grain or coal hauling railroad in the country today drafted what was officially reported to have been an unfavorable reply to President Coolidge's recent proposal for revision of railroad freight rates on shipments of those two commodities which were destined for export.

A committee of the presidents of the railroads was named to draft a reply to the president at Washington by Thursday or earlier if they could be received at the white house.

While the contents of the draft were withheld to await the wishes of President Coolidge in regard to the publication, several of the executives who helped draw it up said it was based on a conviction that lowering rates on grain for export would not create an increased market for wheat in Europe and therefore would not help lift the American farmer out of the slough of overproduction.

The rail executives were chary about revealing their attitude toward the president's reported proposal that freight rates on coal for export be raised to more nearly the level of rates on coal for home consumption. When the conference opened, however, it was generally agreed that the traffic vice-president of the big eastern roads had stated the case in session a week ago when they declared that coal freight rates had been as nearly equalized as was plausible.

The president's suggestion made to Samuel Rea, president of the Pennsylvania railroad during a recent interview at the white house were believed to have been aimed at stimulation of the foreign grain trade to the benefit of the farmer.

Elimination of wide differentials on coal rates was presumed to have been intended as a check on the foreign demand for American fuel which would result in a more bountiful supply for local consumers.

STATE OFFICIALS TO ATTEND OPENING OF MEMORIAL STADIUM

Will Inspect University and Attend Illini-Chicago Football Game

URBANA, Ill., Oct. 30.—Governor Len Small, Judge K. M. Landis, United States Senators Medill McCormick and William B. McKinley, a host of state officials and more than a hundred Illinois legislators will be the guests of the University here Saturday at the Illinois-Chicago football game which opens the new Illinois Memorial Stadium.

The guests of the University will inspect the campus the morning before the game and will attend the ceremonies on old Illinois Field at which G. Huff, director of athletics at the university and a number of other early Illini football and baseball stars will be awarded letters which they failed to receive in their undergraduate days.

Besides Lieutenant Governor Fred Stearns, members of the governor's cabinet and state department heads, the guests will include President E. D. Burton of the University of Chicago; General H. C. Hale, commander of the sixth corps area; George Brennan and Ex-Mayor William Hale Thompson of Chicago; Victor Olander, secretary of the State Federation of Labor; John T. McCutcheon, cartoonist and George Ade, humorist.

Thirty state senators and more than 50 members of the lower house will be present.

FARMERS AND BANKERS NEED CO-OPERATION

Lincoln, Neb., Oct. 30.—(A. P.)—A fellowship between the banker and the farmer which shall amount to more than a perfunctory or casual relation was the keynote of a program agreed upon today by the Agricultural Commission of the American Bankers' Association at the end of a two day session.

Cincinnati, Oct. 30.—Diamonds and jewelry valued at \$75,000 were stolen by thieves from a room on the third floor of the Sinton Hotel here late last night, according to a report made today by E. F. Strauss, Chicago, who said he represents two firms of New York jewelers and importers.

State College, Pa., Oct. 30.—Dr. H. F. Stecker, 56, reputed to be one of the seven greatest mathematicians in the world, died today. He had been professor of mathematics at Pennsylvania State College for 20 years, and had been ill six months. He was born in Sheboygan, Wisconsin.

Wartime Statesman of Great Britain Dead

LONDON, Oct. 30.—(A. P.)—Andrew Bonar Law, who was one of the strong wartime statesmen of Great Britain and its only prime minister of colonial birth, died at his London home at three o'clock this morning. The last year of his sixty five was lived under a cloud of heavy misfortune.

Only a little more than a year ago, he reluctantly accepted the highest political office in the empire, telling his supporters that he was doubtful his health would long bear the strain of the duties, but promising to give up the work when he was no longer equal to the burden. Then followed seven months in office—months harassed by pain, whereupon he fulfilled his promise.

"The verdict of the doctors has left me no choice," he wrote to his Glasgow constituents in announcing his decision to retire.

The next five months were divided between continental reports and the English seaside in pursuit of relief from suffering. There were a few weeks when he seemed to be improving, and his friends hoped against fate that he might regain his strength.

With the chill of the autumn days came his final breakdown and ten days ago he was brought back from Britton to his London home. There he died. His daughter Lady Sikes and his two surviving sons, Anthony and Richard, were with him. Two sons, James and Charles, lost their lives in the war. Those blows aged him beyond his years.

Likewise General Grant and the German Emperor Frederick III, the late prime minister died from cancer of the throat. There was a parallel between his last days and those of Frederick III, in that both came into brief power with the sentence of death pronounced upon them.

The last phase and deciding factor of Mr. Bonar Law's illness was an attack of pneumonia, which his untended. His death was not the result of a long illness, but of a sudden attack of pneumonia, which he was unable to resist. The approaching end was revealed only to the few who were able to read last night's bulletin which was issued after the evening papers were published. To the general public the news this morning was unexpectedly sudden.

Premier Baldwin, the friend and political legatee of Mr. Bonar Law, spoke the kindest thought of all his friends in saying:

"For him, I am thankful he has been spared further suffering."

No effect upon British politics or policies from Mr. Bonar Law's death can be foreseen. His successor like President Coolidge, has appeared to regard himself as trustee of the former leader's estate. The country had become regretfully reconciled to the belief that Mr. Bonar Law had disappeared from public life without the possibility of returning.

ATTORNEYS CONTINUE HUNT FOR WITNESSES NECESSARY IN TRIAL

Process Servers Thrown from House Conducting Search

NEW YORK, Oct. 30.—Attorneys and process servers continued this afternoon their search for three witnesses wanted for further cross-examination in the trial of the divorce suit of W. E. D. Stokes, wealthy hotel owner, against Mrs. Helen Elwood Stokes.

Supreme Court Justice Mahoney instructed counsel for both sides to help bring the witnesses into court Thursday after the trial was recessed over this afternoon and tomorrow because of the death of a juror's father.

Edgar T. Wallace, principal respondent and defense witness, was wanted for further questioning by Max D. Steuer, counsel for Mr. Stokes and Agricola Byers and Miss Nell Rose Miller, no-gress witness for Mr. Stokes, were sought by Samuel Untermyer, attorney for Mrs. Stokes.

Mr. Untermyer complained one of his process servers was thrown out of a house and injured in his search for Miss Byers.

Mrs. Emma Elwood Miller, mother of Mrs. Stokes, had the stand all morning. While she became somewhat confused, on dates and wasn't sure of the year of her daughter's birth, Mrs. Miller's story of Mrs. Stokes' early life formed a detailed denial of testimony of several witnesses for Mrs. Stokes. She said she allowed her daughter, then Miss Elwood, to wear the diamond ring lent her by Wallace because, as a mother, she thought Wallace had proposed. She admitted under cross-examination her daughter had run away from a school near Chicago several times "because she didn't like it."

LIBEL SUIT BEGUN BY MARY AND DOUG

LOS ANGELES, Oct. 30.—Douglas Fairbanks, motion picture actor, and his wife, Mary Pickford, announced tonight that they had wired instructions to their attorneys in New York to file a libel suit immediately against an eastern film magazine which recently printed a report that "America's sweetheart and her famous husband had quarreled over another woman."

Evelyn Brent, formerly leading lady in Fairbanks' company, whose name was said to be involved in the alleged libelous article, will join Miss Pickford and Fairbanks in the libel suit, according to her husband, B. P. Pineman.

BURLINGTON WRECK CAUSES WIDE DETOUR

On account of a wreck which occurred last night on the Burlington between Concord and Beardsdown, the midnight train, No. 51, from St. Louis to St. Paul, was detoured from the western branch from Chapin thru this city over the Wabash, then via the C. P. to Virginia, and over the B. & O. to Beardsdown.

Galesburg, Ill., Oct. 30.—Rain which turned into snow during the night made walking and driving here dangerous during the early hours this morning. The snow was the first of the season here.

PINCHOT MAKES WRITTEN REPLY TO SEC. MELLON

Asks Department to Refuse License to Law Breakers

HARRISBURG, Pa., Oct. 30.—Governor Pinchot, in a letter tonight to Secretary of the Treasury Mellon characterized as a "defense of things as they are" the secretary's reply to the governor's letter Sunday criticising the federal prohibition enforcement system.

"What is needed," he said, "is not a defense of present evils, but the determination to abate them, followed by effective action."

Mr. Mellon's letter was received by the governor today.

"It is a matter of sincere regret to me," the governor said, "that your answer to my letter is merely an effort to justify the present federal system of enforcement, which all Americans know to be defective, inefficient and a breeder of corruption."

Governor Pinchot's letter tonight followed by only a few hours the receipt of Secretary Mellon's answer to one Mr. Pinchot sent the Secretary Sunday night. In his first letter the Governor charged what he termed "the break down" of the federal permit system and declared the state government was handicapped by failure of the federal government to use all its powers. Mr. Mellon, replying last night said the governor's statements are "not founded on facts."

Replying to assertions of the governor that permits had been issued to certain breweries they had been detected in violation of the law, Mr. Mellon cited sentences made and explained permits had been issued only after a year or more had passed. In certain other more recent cases, Mr. Mellon said citations had been issued and revocation proceedings are pending. In his letter tonight the governor asked the secretary to refuse to reissue permits for the operation of plants where the laws had been broken and declared there was no provision of law compelling the treasury department to re-issue permits after a year to applicants "who are admittedly law breakers."

HAS FATAL STROKE WHILE DRIVING AUTO

ROCKFORD, Ill., Oct. 30.—F. M. Philly, 34, an official of Barber Coleman plant here and formerly of Waterloo, Iowa, was seized with a fatal stroke while driving an automobile accompanied by his wife here tonight on the main business street of town. Mrs. Philly succeeded in stopping the automobile without a smash-up and summoned aid for her husband. He died a short time later.

FARMERS TO RECEIVE SEMI-ANNUAL REPORTS

Washington, Oct. 30.—In response to demands from farmers and others for continuance and expansion of its reports on intentions of farmers to plant crops, the department of agriculture announced today it would issue such reports hereinafter. One will be issued in March for spring planted crops, the other in August for fall sown crops.

THREE KILLED AND ONE INJURED WHEN TRAIN HITS AUTO

Struck by Nickle Plate Freight While on Way to Party

BLOOMINGTON, Ill., Oct. 30.—Three persons were instantly killed and another probably fatally injured here tonight when an automobile in which they were riding was struck by a Nickle Plate freight train.

Park Vance, 33, deputy sheriff, Mrs. Mary Schewe, 57, his mother-in-law, Mrs. H. C. Doremann, 48, Mrs. Park Vance, the only one of the party alive, has both arms and both legs broken, and physicians believe she cannot live.

There are no gates or lights at the crossing and no flagman at night. The freight train was backing up when it struck the automobile. With the crash an angle cock on the train was broken and trainmen were unable to apply the brakes.

The sedan caught under the caboose was dragged to the next crossing mangled the bodies horribly.

It was with great difficulty the bodies were removed, services of a wrecker being necessary.

The victims were on their way to a Halloween party.

Mrs. Schewe was attired in a man's costume for the party and on account of the badly mangled condition of the bodies, identification was extremely difficult.

Mrs. Schewe is survived by six children and Mrs. Doremann by four daughters.

RED CROSS STAMP PLAN MAPPED OUT

SPRINGFIELD, Ill., Oct. 30.—After mapping out a plan for the sale of Red Cross stamps in Illinois the coming Christmas season and electing officers, the Illinois Tuberculosis association late today ended its meeting. The officers elected followed:

President, Dr. J. W. Pettit, Ottumwa; first vice president, Dr. L. C. Taylor, Springfield; second vice president, Dr. C. M. Jack, Decatur; third vice president, Dr. Eva W. Wilson, Manhattan; fourth vice president, John H. Walker, Springfield; secretary, John T. O'Donnell, Princeton; treasurer, Louis G. Coleman, Springfield.

The retiring president, Dr. George T. Palmer, was named chairman of the executive committee. Other members are Dr. E. W. Fliegenbaum, Edwardsville; James M. Graham, Springfield; Mrs. Jacob A. Bohrer, Bloomington; George L. Avery, Peoria, and Mrs. W. G. Murphy, Centralia.

OTHER DEPARTMENTS BEING INVESTIGATED

OKLAHOMA CITY, Okla., Oct. 30.—The searchlight of a house impeachment committee fell today upon the departments of health, highways affairs, and game, as the legislature, while completing final arrangements for the impeachment trial of Governor J. C. Walton Thursday extended into other quarters its investigation of the conduct of the state administration.

Four departments are included among many others of the state government which are to be investigated altho no charges yet have been made against their heads, it was said by a committee member who declined to permit use of his name. Accounts of each of the offices are being examined as a part of the general inquiry, the committeeman added.

Activity in the governor's case was confined today to the conference rooms where both sides made last minute preparations for the trial Thursday before a senate court of impeachment.

INSTALLED AS PASTOR AT PETERSBURG

Rev. Samuel Waddell was installed as pastor of the Second Baptist church at Petersburg last Sunday by Rev. W. Henry Snowden of this city.

Thirty of his local friends and members of Mt. Emory Baptist church went over to be present at the service, it being his first charge as pastor.

A basket dinner was served and it proved a great day.

SEARCH AND SEIZURE RECOMMENDATIONS OF COMMITTEE ACCEPTED

Expected Imperial Council Will Soon Adopt Report

LONDON, Oct. 30.—(A. P.)—It is expected that the imperial council tomorrow or Thursday will adopt all the recommendations of the experts committee, the chairman of which is Lord Curzon, the foreign secretary which has been studying the proposals of Charles E. Hughes, the American secretary of state for search and seizure of contraband liquor outside American territorial waters.

Shortly after the adoption of the recommendations of the committee a formal treaty will be drawn between the British and American governments which will empower the American authorities on the one hand to detain and examine British-owned ships suspected of rum running and on the other hand guarantee reciprocal rights to British vessels to take into American ports under seal legitimate liquor stores on passenger liners intended for consumption on the homeward bound voyages of such vessels.

George Harvey, the American ambassador who had a lengthy talk with Lord Curzon at the foreign office today, learned it was the intention of the British government not to limit the right of search and seizure strictly to a 12 mile limit but to leave the question of distance open. This modification of distance was decided upon in order not to impair by a supplementary legal instrument, such as a special treaty between the United States and Great Britain and three mile limit which is the traditional basis of British and international law.

CLAIMS BODIES NOT IN WATER MORE THAN FORTY EIGHT HOURS

Pathologist Makes State- ment After Autopsy is Held

NEW ORLEANS, La., Oct. 30.—The two mutilated bodies found in Lake LaFourch last December and identified as those of Walt Daniel and T. F. Richard, of Mer Rouge, who were kidnapped by hooded men near Bastrop four months earlier, could not have been in the water more than forty-eight hours, it that long, Dr. Charles W. Duval, the pathologist who conducted the autopsies told the Times-Picayune tonight, according to a story that newspaper will publish tomorrow.

Members of the Moorehouse parish, Ku Klux Klan at whose door Governor John M. Parker and others have laid the kidnapping and alleged murder of the men repeatedly have charged the bodies were not those of Daniel and Richard but that they were "planted" in the lake a short time before their discovery in order to fasten the crime upon the Klan.

Captain J. K. Skipwith, the Moorehouse exalted cyclops, has declared upon several occasions that the bodies came from a medical school in St. Louis.

Dr. John A. Lanford, pathologist of Tulane University, who assisted Dr. Duval in performing the autopsies, was quoted by the newspaper as corroborating the statement of Dr. Duval. Both, however, said there was no doubt in their opinion that the bodies were those of Daniel and Richard.

BATTLE OF BALLOTS TO BE ENDED SOON

AMARILLO, TEXAS, Oct. 30.—The injunction suit of George E. B. Paddy of Houston to prevent the ballots of the election in 1922 from being destroyed in his race against Earle B. Mayfield, probably will be heard tonight it was indicated here today by Federal Judge James C. Wilson. The suit was originally set for 10 o'clock but it was postponed for another case.

CRIMINALS SUGGEST CONSTRUCTIVE WORK IN HANDLING CRIME

CHICAGO, Oct. 30.—Results of a Y. M. C. A. forum among inmates of the Illinois State Reformatory on the cause and prevention of crime were reported today by Rev. John H. Ryan, chaplain of the reformatory at a Middlewestern States Birth Control conference here.

"In place of sterilization of criminals they recommend a constructive program," said Rev. Mr. Ryan, "including better homes and better home training; and also in order that society may not have innumerable evil words imposed upon it that the prudent and qualified welfare worker should enlighten the ignorant and after despairing mother in family limitation. They said the criminal in his better moods longs for a home and children."

After a careful examination of the possible checks to population as affected by humanitarianism and modern medical science, said Professor E. M. East of the department of biology of Harvard University, "there remains the consoling limitation of the family by the foresight of the individual. It is the only recourse which civilization has taken."

RESIGNATION OF SOCIALISTS IS NOW POSTPONED

Rumored Nationalists Making Military Preparations

BERLIN, Oct. 30.—(A. P.)—The general political situation with respect to the Saxon conflict is viewed tonight in official quarters as having showed marked improvement. The United Socialists who yesterday threatened to secede from Chancellor Stresemann's coalition government appeared less intransigent today having deferred a decisive vote on the party's attitude toward the central government's procedure in Saxony until tomorrow.

The attitude of the radicals is explained on the ground that the party, as such, is in neither a strategic nor financial position to offer strong opposition and also because its withdrawal from the present coalition under the present circumstances would constitute a pronounced concession to the Communists in Saxony and elsewhere.

Any consensual measures the Socialists may adopt for the purpose of administering a rebuke to the central government it is asserted will be dictated by tactical consideration and solely for the purpose of conserving the party's prestige with its followers.

Reports from Dresden indicate that Dr. Heinze, the reich commissioner in Saxony is Javlag success in re-establishing a parliamentary regime there to succeed the deposed Zeigner ministry and that the Saxon Socialists have definitely jettisoned their intentions of allying themselves with the communists. Berlin officials also view the collapse of the general strike movement throughout Saxony as an auspicious omen and believe that the withdrawal of Dr. Heinze, as promised and curtailment of the federal military occupancy there will make it possible for conditions to assume a normal aspect at an early date. The situation with respect to Bavaria is less clarified as Premier Von Knilling has not yet replied officially to Chancellor Stresemann's request that the federal military authority be restored completely.

SENSATIONAL STORY OF NATIONALIST MILITARY PREPARATIONS IN BAVARIA WAS FURNISHED TODAY BY THE USUALLY RELIABLE 'SOCIALIST PARLIAMENTARY SERVICE' WHICH ASSERTS THAT LARGE FORCES OF FULLY ARMED NATIONALISTS, SUPPLIED WITH HEAVY GUNS, HAVE BEEN DISTRIBUTED ALONG THE SAXON AND BAVARIAN FRONTIERS WITH BAMBERT AS THEIR BASE. IT WAS SAID THAT AT BAM- BERT THEY HAVE SUPPLIES, VEHICLES, ARTILLERY, MACHINE GUNS AND ALSO AIRPLANES BEARING THE SWASTIKA EMBLEMS OF CAPTAIN EHRHARDT OF KAPP PUTSCH FAME AGAINST WHOM A WARRANT FOR ARREST IS STILL OUT. EHRHARDT IS SAID TO BE PLAYING A PROMINENT PART IN TRAINING THESE ILLEGAL FORCES. THE GOVERNMENT IS INVESTIGATING THE TRUTH OF THE SOCIALIST ALLEGATIONS.

CRIMINALS SUGGEST CONSTRUCTIVE WORK IN HANDLING CRIME

WOMEN ORGANIZE REPUBLICAN CLUB

Membership to Extend Into Every Precinct in County—Mrs. Bradish is First President—Delegates Chosen for State Meet.

Morgan county Republican precinct committee women were luncheon guests of Mrs. John J. Reeve, 20th district chairman, and Mrs. Grant Graft, county chairman at the home of Mrs. Graft. After the serving of a delicious luncheon the question of the forming of a woman's Republican club was broached by Mrs. Reeve, and the suggestion was received with enthusiasm.

After general plans had been considered as a further step toward organization a nominating committee was named and subsequently reported the following officers:

President—Mrs. W. C. Bradish.
Vice-president—Mrs. E. E. Hart.
Secretary—Mrs. Roy Mawson.
Treasurer—Miss Clara Cobb.

Mrs. Bradish then became the presiding officer and then there was a further discussion of plans and some work relating to the campaign near at hand were considered.

Members from the different precincts were chosen and a number of vice presidents were determined upon to aid the organization work. The new club will be in record as heartily favoring the continuance of Oaklawn sanatorium and the members of the club were also urged to get out the vote next Tuesday for the Republican candidate for commissioner.

The state meeting of Republican women's clubs will be held in Chicago November 1 and 2, when a program of special value will be presented. Mrs. Reeve and Mrs. Graft were chosen as the representatives of the Morgan county club to this convention.

An early meeting of the local club is to be called by Mrs. Bradish and at that time by-laws will be adopted and other business transacted. The work of securing members for the club was begun immediately after adjournment and will be continued indefinitely. So much interest has already been shown that it is certain the roll will show fully 200 names by tonight.

AMERICAN LEGION WILL OWN HOME

Post Decides to Purchase West College Avenue Property Formerly Owned by Dr. Pitner—Plans for Remodeling Made

At a meeting of the local post of American Legion Tuesday night definite steps were taken for the post to acquire a permanent home. The offer of A. W. Becker to sell the property adjoining the public library was accepted. This is the old Pitner home, subsequently owned by Miss Irma Fox and damaged by fire a number of months since.

Mr. Becker planned a four flat building and considerable of the construction work has been done. Now the plans will be changed so that the home will fit into the needs of the Legion.

The project has been under consideration now for several weeks and the decision was not reached until after a committee had made extensive investigation. Mr. Kahl and Mr. Bradney, who are members of the committee, are both draftsmen and after they had examined the building, drawn plans and consulted with a contractor, the figures were presented to show the cost of the completed home.

While the entire plan of finance has not been worked out in all the details, Commander Kahl last night appointed a committee for this purpose and to enter into the contract with Mr. Becker.

The home will be of stucco finish with club rooms on the first floor and the second floor remodeled into a spacious ball room. The purpose is to center Legion activities in the home and the ball room and possibly an assembly room will be used for rental purposes as well as for strictly Legion events.

A considerable fund is now in the treasury and the Legionnaires decided that the expense for the purchase and finishing of the building would not be too great a task and that the goal of home ownership would help stabilize the organization and increase interest in its activities.

State Chaplain a Guest

The post last night had for a guest during the meeting the State Chaplain of the American Legion, Department of Illinois, Rev. A. F. Ewert of Chicago, formerly pastor of the Presbyterian church of White Hall. He spoke to the Legion on co-operating with the churches on Sunday, Nov. 11, this being Armistice Day and munity.

Miss Catherine Sullivan, executive secretary of the local chapter of the Red Cross was present at the meeting and related to the members the work that has been done and is being done for the service men of this county and urged that the American Legion of this city assist the Red Cross so that this work could be carried on. She was assured of all assistance and co-operation that it was possible to give. The remainder of the evening was taken up by the post in discussion of their future activities.

DEATHS

BERTON BRALEY'S DAILY POEM

BELIEVE IT OR NOT

BY BERTON BRALEY

Oh, Hans Van Lunk was a sailor bold,
Who sailed on the Zuyder Zee;
And this is the tale that is often told
To credulous folks like me:
How Hans Van Lunk lay in his bunk,
And never a care had he,
Till his ship was rammed by a Chinese junk
With a crew from the Wei Hai Wei.

So Hans Van Lunk was nearly sunk,
But the Chinese Captain, he
Was quick in rescuing Hans Van Lunk
From the depths of the Zuyder Zee.
"I'd say your seamanship was punk,"
Quoth Hans in language free,
But the Chinese Captain merely drank—
Or drank, I mean, his tea.

"It's true I slept within my bunk,"
Said Hans Van Lunk, "but gee,
Who would expect that a Chinese junk
Would sail on the Zuyder Zee?
I didn't think, and I wouldn't have thunk,
No, not in the least degree,
That a Chinese junk would have the spunk
To sail on the Zuyder Zee!"

The Chinese Captain merely wink
An eye that was full of glee,
And the yellow crew of the Chinese junk
That came from the Wei Hai Wei,
They winked their eyes in some surprise
The while they drank their tea.
For not a word of what they heard
Could they understand, you see;
Bold Hans spoke Dutch, they knew none such,
But only spoke Chinese!

HOWCOME a Chinese junk had slunk
Into the Zuyder Zee?
Perhaps it came there like the trunk
Of a drifting banyan tree;
But Hans Van Lunk it hit kerplunk
And the rest is mystery,
For what became of Hans Van Lunk
And the skipper and crew of the Chinese junk
Was never revealed to me!

Bluffs, Oct. 30.—A Halloween party will be given at the M. E. church Wednesday evening. The church will be decorated for the occasion and a general good time is to be expected.

Supper will be served by the refreshment committee and a special program is also being arranged.

Mr. C. A. Phillips and Mrs. Lee Baird were visitors in Jacksonville Tuesday.

Mr. and Mrs. Herman Vannier and daughter Marie, and Mr. and Mrs. Win. Vannier were business visitors in Winchester Saturday.

John and Lewis Schultz left Saturday for a visit with their sister Mrs. Louise Englebrecht who resides in Texas.

C. A. Phillips and family will leave Wednesday for their new home in Jacksonville.

Ralph Connor and family have moved into the Monroe Taylor property in the west part recently vacated by H. M. Stephens and family.

Mr. Trotter, day foreman of the Wabash round house at this point expects to leave the last of the week for Muskogee, Okla., to remain two weeks, after which he will take up his residence in Hannibal, Mo., where he has been promoted as day foreman of the round house there. Mr. Delavan of Springfield is the new day foreman for Bluffs.

Mrs. H. Logan was a visitor in Bluffs Wednesday, returning to her home in Springfield in the evening.

Mr. and Mrs. Oscar Merriman spent Sunday with relatives in Astoria.

Charley Shaw of Hannibal was a business visitor in Bluffs Monday.

Rev. Mr. Barclay, pastor of the M. E. church preached his third of a series of five sermons for the high school students at the M. E. church Sunday morning.

PROMINENT COUPLE MARRIED TUESDAY

The marriage of Miss Ellen Coleman and Laurence McGuire was solemnized at St. Bartholomew's Catholic church at Murrayville Tuesday morning at nine o'clock. Rev. Father McGuinness officiating. The principals were attended by William Welsh and Miss Mary Coleman. The ceremony was witnessed by only the immediate relatives of the contracting parties. After the ceremony the party adjourned to the home of the bride where a three course wedding breakfast was served to about 50 friends and relatives.

The bride is the daughter of Mr. and Mrs. Michael Coleman of Murrayville and is a young woman of charming personality which has endeared her to many friends. She wore a white georgette crepe gown trimmed in shadow lace and her veil was caught with orange blossoms. She carried a bouquet of white roses. The bridesmaid was in white silk canton crepe gown trimmed in Quaker lace and wore a wreath and roses. The groom is the son of Mr. and Mrs. John Welsh of Alsey and is a promising young man of the community.

The young couple left for a ten days trip to Davenport, Ia., after which they will reside at Alsey where the groom has a home already furnished.

LOCAL INTEREST IN RADIO PROGRAM

Two very promising young pupils of Miss Myrtle Sheppard will play for the broadcasting station in Los Angeles California on next Saturday evening during the Children's Hour. This hour corresponds with the Jacksonville time, from 8:45 to 9:30 o'clock. Local interest will be aroused on account of the fact that Miss Sheppard was for four years a teacher of music at Woman's College in charge of the Children's Department.

MARRIED MANY YEARS

Monday was the fifty-sixth wedding anniversary of Mr. and Mrs. Albert Duckett. There was no formal celebration of this important event, but Mr. and Duckett received congratulations of a number of their friends at their home, 405 Sandusky street. Relatives and friends in other cities also remembered the day Mr. and Mrs. Duckett have long been accounted among the greatly esteemed residents of Jacksonville.

Make Cloaks From Goods Purchased with Checks at Floreth Store—Busy White Waiting For Release at Police Station.

Yesterday morning a couple of pretty young ladies entered the Floreth Dry Goods Store on the west side of the square, purchased goods for two coats, for which they gave cold checks, and took the goods to their room in the Dunlap hotel. All this happened about 11 o'clock in the morning.

When local police called on the young ladies at 2:30 o'clock in the afternoon and arrested them for passing cold checks, the goods which they had purchased in the morning were made into coats, and the girls wore the new garments to the police station.

When purchasing the goods, the girls gave checks for \$25.61 and \$12.50 respectively. They signed their own names to the checks, which however proved to be uncashable at the bank. As soon as it was discovered that the checks were worthless, police were notified. The girls were arrested at the hotel, and it was hoped that the goods could be recovered. No cash had been given, but the full amount of the checks had been taken in merchandise.

When, however, it was found that the goods had been made into cloaks Mr. Floreth determined he must have the money on the checks. The girls are from Springfield, and communication with persons in that city was established. They told police they

HEAVY DAMAGE SUIT AGAINST WABASH ROAD

W. P. Smith Injured in Accident At Arnold Asks \$30,000.

The praecipe in a damage suit in which W. P. Smith was the complainant and the Wabash Railroad the defendant, was filed in the office of Circuit Clerk Wananaker Tuesday by Judge H. P. Samuel, attorney for the complainant.

The suit is based upon a happening on Nov. 15, 1922. At that time the complainant, who is in the employ of the railroad, was injured at Arnold station. A spring was thrown from a moving freight car in such a way that Mr. Smith was struck and seriously injured. The praecipe indicates that damages in the sum of \$30,000 will be asked.

MISS GRADY PASSED AWAY TUESDAY

End Came After Long Illness—
Formerly Lived in Scott County
but Had Resided Here for
Long Period

Miss Margaret Grady passed away Tuesday afternoon at 2:20 o'clock at her home, 607 South Main street. Over a year ago Miss Grady became ill with anemia and complications developed which resulted in her death.

For four months she was confined to her bed and although often in great pain bore her suffering without a murmur.

She was born in the vicinity west of Manchester, January 4, 1859, the daughter of Edmond and Mary Grady, and spent her whole life in that locality, with the exception of the last six years, when her home being broken by the death of her parents, she came to Jacksonville to make her home with her sister, Mrs. W. H. Mason, with whom she has since resided.

Miss Grady was of a quiet and lovable disposition and while here made fast friends of those with whom she associated. She was a member of the Church of Our Saviour, and two of the societies of the church knew her as an active member.

She leaves the following sisters, Sister Mary Carmelita of the Sisters of Mercy, Chicago; Mrs. Joseph Metzger, Springfield; Mrs. M. P. Maloney, East Morton road, Jacksonville; Mrs. W. H. Mason, Jacksonville; Mrs. T. E. McCarty, Murrayville. The funeral will be held Friday morning, Nov. 2, 8:30 from the Church of Our Saviour with burial in St. Bartholomew's cemetery, Murrayville. The Ladies Aid will attend in a body. Friends please omit flowers.

SOME LOCAL ERAS

(BY ENSLEY MOORE)

Member Illinois Historical Society

Dr. Noah Webster, who doubtless furnished Daniel Webster with many of his high sounding words, defined an Era as "A period of time in which a new order of things prevails."

It is true that the first settlers of Morgan were New Yorkers of New England descent, but the natives of Virginia, Kentucky and Tennessee soon came in. Many of the easterners came west on flatboats, but the southerners generally arrived in covered wagons, on horseback and on foot.

There never seems to have been an immigration to this county of people of one nationality or from one American locality in large numbers, except the Portuguese in 1849.

Quite a number of English came rather simultaneously into the west or southwest part of the county.

There was a pretty strong settlement of New Englanders in and about Waverly.

Slavery

Slavery was probably the first general cause of political and personal contention, but that was legally done for, after a sharp battle of ballots, in 1824, and Illinois became a free state for all time.

Religious matters were matters of importance in all the neighborhoods and towns.

It may be a matter of surprise as well as of interest to know that one of the first meeting houses belonged to the Cumberland Presbyterians. It was about eight miles east of Jacksonville, near Col. Samuel T. Matthews', and Needham Roach was the first preacher. There was also a preacher named J. E. Roach, who lived in the Cass part of the county.

SETTLED DAMAGE SUIT BY AGREEMENT

Complainant in Suit Against C. I. P. S. Co. Accepts Company's Offer of \$13,500—Other Winchester News Notes

Winchester, Oct. 30.—The circuit court convened Tuesday with Judge E. S. Smith presiding. The damage suit of Elmer Mitchell vs. the C. I. P. S. Co. was settled by agreement. At a previous term the jury awarded the complainant heavier damages but settlement was determined upon, the defendant agreeing to accept the company's offer of \$13,500.

The suit of Mina Greenwalt against the estate of James M. Heaton was begun. The suit relates to property interests, as the deceased left a number of notes or letters indicating property division that he wished.

Poland China Hog Sale

The sale of Poland China hogs held by L. Burt Hornbeck Monday was one of the best sales held in central Illinois this fall, notwithstanding the bad weather and the fact that the country roundabout is in the grip of a cholera epidemic. The large sale tent was filled and there was not seating room for all. The average was not as high as last year but considering the present situation the sale was a great success.

Every animal offered was a good one and the bidders seemed to realize this fact. It is worth noting that Mr. Hornbeck raised the top young sow that sold to Charles E. Jewett, Arlington Place farm, Indianapolis, Ind., and also raised the two gilts that went to

county. These men were probably brothers.

The Mormon War

Slavery having been disposed of the next large or important question stirring the popular mind was the Mormon. The nearness of Nauvoo made it a burning question, if the Mormons should keep on increasing in numbers and should spread into the near-by region. It was a live topic for quite a time, and gave military titles to many young men in the militia.

Fortunately the matter was soon settled, and Illinois was free from the threatened disgrace.

Mexican War

Then, about 1845, war clouds loomed in the southwest, and not only the militia but real soldiers were called for, and many gave their lives for the Union on the distant plains or hills of Mexico.

The war, and getting to and from it, lasted about three years, and Morgan county had an honored and honorable part in it.

Col. John J. Hardin's loss, at Buena Vista, cut out a coming presidential candidate, and several families were bereft of loved ones.

Captain Jacob Zabriskie, also of Jacksonville, followed Hardin to his death, and he was never forgotten by those here that knew him.

He was of a distinguished New Jersey family, and his body was taken back to his old home. New York city vied with New Jersey in doing honor to his hero.

In Later Years

Time in its long march has had other excitements for Jacksonville and Morgan county, and the Revolutionary name of the county has ever been honored by our people.

Oscar B. Hensel of Edolstein, Ill., the man who owns Illinois' 1923 grand champion boar and the world reserve grand champion, Lot No. 1 was top spring boar purchased by Wilbur Gibbs of Winchester.

Many purebred sales have been cancelled this fall on account of cholera, flu and low hog prices, every one of which is a forerunner of high prices in the near future. Thru good years and bad ones it is the intention of Burt Hornbeck to be on hand with well finished offerings of seed hogs for his patrons.

The ladies of the Baptist church served lunch.

Pupils in Recital

The pupils of Mrs. J. W. Eckman gave a recital in the high school auditorium Monday evening. There was a splendid program of instrumental and violin numbers, the following taking part:

Louis Bagshaw, Robert Smithson, Vera Smith, Dorothy Smith, Frances Isabel Clark, Carl Anders, Violet Sauters, Lena Anders, Buell Patterson, Lucy Shaw, Annabel Moore, Helen Metzler, Virginia Balsley, Eleanor O'Donnell, Donald and Louise Berry of Exeter, Wilbur Priest of Alsey.

At the close of the program Miss Marinda Coulas, a former pupil of Mrs. Eckman, gave a short program, to which everyone listened with a great deal of pleasure.

News Notes

Members of the Presbyterian Sunday school enjoyed a Hallowe'en social in the chapel Tuesday evening. Several ladies planned various games for the children and a very pleasant time was the result. The chapel was decorated in Hallowe'en style with pumpkin, etc., and refreshments were also in keeping.

W. M. Gish was a business visitor in Springfield Tuesday.

FORMER WHITE HALL RESIDENT MARRIES

White Hall, Oct. 30.—Announcement of a marriage of local interest reaches White Hall from St. Louis. The principals to the contract, Harry W. McMahan and Miss Edna Forestel, became man and wife last Wednesday. The groom is son of David McMahan of White Hall. He served as pressman in the Pearce printing plant before going to St. Louis about seven years ago, and was with the Con P. Curran plant until going to the Forestel Lithograph Co. a few months ago. The bride was then in the office of that concern. The story is that Harry succeeded her to the office position, giving him both a wife and a good job in her father's establishment. The honor and confidence is well bestowed upon a worthy young man.

ILLINOIS GETTING READY FOR MONMOUTH

Not in Least Daunted by Saturday's Loss to Bradley They Expect to Win Friday Afternoon.

With spirits unconquered by the severe defeat at the hands of Bradley last Saturday, the Illinois College team was out early Monday afternoon beginning preparations for the Monmouth game to be played here Friday afternoon.

Yesterday afternoon the men were hard at it again, but the heavy rains of Monday night had turned the athletic field into a miniature lake forcing the players to practice on the turf north and east of Jones' Building where they found the soft ground, covered by the mat of long green grass greatly to their liking. They tackled and blocked with an enthusiasm and abandon not often seen on the athletic field where the ground, mostly hard clay, is far from being a bed of roses when a player is brought in sudden contact with it through being upset by a ripping blocker or brought down by a slashing tackler.

For three years straight Monmouth has fallen before the onslaught of the Illinois College players and the Blue and White boys are determined to repeat the performance again this year when the two teams meet on Friday afternoon at 3 o'clock.

Freeport, Ill., Oct. 30.—Fire supposedly originating from spontaneous combustion swept through the R. J. Barrett wholesale grocery warehouse at Galena, Ill., early today with a loss estimated at \$20,000. Sugar valued at \$5,000 was destroyed.

Chicago, Oct. 30.—Mayor William E. Dever returned to his office today from a ten day vacation in Excelsior Springs, Mo., with signed orders revoking the licenses of 242 "soft drink parlors," which brings to 1528 the total number of places closed by the mayor's campaign to dry up the city.

Peoria, Ill., Oct. 30.—Two popular road houses, Riverview Park and Ye Olde Tavern, were raided by prohibition agents Monday night and large quantities of spirits, whiskey, wine and beer seized. Proprietors of both places were arrested. Two men and two women found at one place were held as patrons.

Peoria, Ill., Oct. 30.—Shippers today were warned to prepare for 20 degrees above zero here tonight following the rain, sleet and snow storm of last night.

Galesburg, Ill., Oct. 30.—O. L. Maberry, chief special agent of the Galesburg division of the Burlington has resigned, effective November 1. He has been with the Burlington since 1909.

Chicago, Oct. 30.—Funeral services for Charles S. Bartholoff, 66 owner of the St. Nicholas Hotel in Springfield, Ill., and president of the Diamond Drill Co., who died yesterday at his home in Glencoe will be held at the resi-

dence tomorrow afternoon. He was born in Plainfield, Ill. He had been ill two weeks.

Peoria, Ill., Oct. 30.—Frank G. Rittenmeyer, Rock Island, was today sentenced to eighteen months in Leavenworth prison following his pleas of guilty to a manslaughter charge in federal court here before Judge Louis Fitz-Henry. The charge grew out of the death in an automobile crash of Jack Monahan, 7 years old of Rock Island on the grounds of the Rock Island arsenal, September 2, it being alleged that Rittenmeyer drove the car in a reckless manner.

Chicago, Oct. 30.—Funeral services were held today for Alvin Rothschild preceding interment at Decatur, Ill. With two other Lane Technical high school students, young Rothschild was enroute to a football game last Friday when the automobile he was driving skidded into a street car. Rothschild and another lad died from injuries and the third youth was seriously hurt.

Philadelphia, Oct. 30.—The Ford Motor Co. has purchased 68 acres of land along the Schuylkill river in southwest Philadelphia as a site for a huge assembling and export plant. Settlement was made yesterday, the price being \$400,000.

Bloomington, Ill., Oct. 30.—The Chicago & Alton finances are growing easier, more by more the showing for September being especially noteworthy. The net earnings for the ninth month aggregated the tremendous figure of \$677,808, as against an operating deficit of \$360,458 in the corresponding month last year. It will be recalled that September 1922 marked the final month of the strike of the shoprafts and earnings were at a low ebb, while expenses were very great, resulting in a huge loss.

DOUGHNUTS

Dietetically doughnuts and fried cakes are looked upon, more or less askance. But carefully fried doughnuts enjoyed sensibly surely can be a treat. The cheer and good will embodied in these homely and purely American puff-balls have a psychological effect of almost as much value to the human system on a drear November day as many calories of "high food value."

In reality doughnuts are hits of real bread dough sweetened and fried in deep hot fat.

Fried cakes are of the nature of a "quick bread" dough fried in deep hot fat.

Some cooks maintain that half beef suet and half lard is preferable to all lard for frying. That there is less trouble about the doughnuts soaking fat when the half-and-half fat is used.

Other cooks prefer a vegetable fat for deep fat frying.

This question each housewife must answer for herself.

But the temperature of the fat must be carefully watched and gauged during the whole frying process. This determines the fat soaking difficulty. The fat should be hot enough to brown the soft part of the loaf in 60 seconds. An iron kettle is desirable as the heaviness of the material holds heat and prevents the fat from cooling when the cakes are dropped into it.

Drain doughnuts on heavy brown paper when removed from fat.

Sweet milk fried cakes should come almost immediately to the top of the fat, brown on one side, turn and brown on the other. Turn only once. Sour milk fried cakes can be turned several times while frying. The fat must be kept at an even temperature.

Sour Milk Fried Cakes

One cup sugar, 1 cup milk, 3 tablespoons melted lard, 3 teaspoons baking powder, 2 eggs, 1-4 teaspoon nutmeg, 1-4 teaspoon cinnamon, 1 teaspoon salt, flour to make a soft dough.

Beat eggs until very light with sugar. Add one cup of flour and beat until smooth. Add melted lard and beat again. Beat in milk. Sift baking powder with one cup flour and stir into mixture.

MARRIED HERE FIFTY YEARS AGO

Golden Wedding Anniversary of Mr. and Mrs. W. J. Crabtree Observed.

The fiftieth wedding anniversary of Mr. and Mrs. William J. Crabtree was appropriately observed Tuesday night at their residence 1627 South East street. Immediate members of the family, relatives and a limited number of friends joined in this golden wedding anniversary. A splendid dinner was served, and the time afterwards was spent socially, the bride and groom of fifty years receiving many tokens of esteem.

Mrs. Crabtree before her marriage was Miss Christina Fisher, a daughter of Joshua Fisher, one of the older residents of Jacksonville. The early home of Mr. Crabtree was in Franklin precinct. Their marriage occurred in Jacksonville Tuesday, Oct. 30, 1873, the ceremony being performed by Rev. Mr. Allen, then pastor of the Christian church. The wedding event was followed by a party at the new home of the bride and groom near Franklin, which many of their Jacksonville friends as well as those of the neighborhood, attended.

At the anniversary event Mrs. Harry Fanning, Mrs. Walter Brown, and Fred Crabtree, daughters and son were present. Another daughter, Mrs. H. B. Osborne is resident in North Dakota, and a son Elmer lives in Montana, and the distances made it impossible for them to attend.

Mr. and Mrs. Crabtree have long been accounted among the respected residents of Morgan county and many friends join in wishing them still many more years of life and happiness.

CAR SKIDDED ON PAVEMENT

Wet leaves on West State street pavement caused the Crabtree Pierce Arrow car driven by Farrell Crabtree to skid and crash into an iron pole Tuesday evening. The accident happened in the 800 block and the car was turned to the boulevard in such a way that one side of the body was crushed and some other damage done.

MADE ADDRESS AT ASBURY CHURCH

Miss Myra Banes of Hillsboro, Ill., gave an interesting talk Sunday evening at Asbury church on Home Missionary work, and later organized a class. The visitor spent Sunday night and Monday with the pastor and his family and received a cordial invitation to return at some later time.

The Sunday services at Asbury were especially interesting and were largely attended.

Miss Mattie Gillham of Winchester was shopping in Jacksonville yesterday.

Mr. and Mrs. Oscar Bridgeman were shoppers in Jacksonville yesterday from Arcadia.

THE REFEREE

By Albert Apple

Costly

The cost of government in our big cities needs some tall thinking by taxpayers. For instance, the cost of running Chicago is \$57.50 a year for every man, woman and child in the city.

That's practically \$5 a month apiece—\$25 a month for a family with three children.

The average Chicagoan must often wonder if it is worth it.

Resistance.

A doctor tells us that autopsies reveal four people out of five have had a struggle with tuberculosis at some time or other during life. This is shown by germs in the lungs, indicating that the dread disease had been overcome by the body's power of resistance.

Keep the general health in good shape and there aren't many diseases that a person need worry about. Exposure to bad weather, strain, overwork, lack of sleep and overeating—these are the chief things that lower the body's power of resistance.

Records.

In California they dig up skeletons of gorilla-like men who are believed to have lived long before the Indians. Unfortunately they left no written records.

Things will be different when scientists thousands of years from now excavate the ruins of our civilization. They'll probably decide that we left too many records instead of not enough. The Carnegie Endowment for international peace says a shelf 200 miles long would be required for all the books and documents needed to make the history of the World War complete.

Fashion.

Damn Fashion wields a tremendous power, and in the background one business gains while another loses. Twenty thousand gingham looms are idle in the New England states. King Tut's influence, reaching out over the centuries, paralyzed gingham sales. Time will bring the gingham back.

Meantime you reflect what a pitiful thing it is, that mighty King Tut's only influence on the world today is a brief change of fashion. So passes the glory of the world.

Laughs.

Why are women so seldom "the goat" in funny pictures and cartoons? Captain Bruce Bairnsfather, comic artist, comments: "You can't get a woman into as many farcical situations, you can't get a woman to do the many things you can get a man to do, and the recent emergence of her sex on an alleged equality with man makes very little difference."

We wonder whether intelligence or instinctive caution is responsible for women avoiding ridiculous situations more than men.

Cigar

The cigar's one hundred and twenty-fifth birthday will be celebrated Jan. 28. It was invented in 1799 by some unknown genius in Connecticut. Before then, men smoked only pipes.

There's no way of estimating, but tobacco smoke and nicotine have had a decided effect on civilization in the three centuries that have passed since Sir Walter Raleigh introduced tobacco to Europe from America.

LARGE ATTENDANCE AT FRANKLIN INSTITUTE

The Farmer's Institute being held at Franklin drew a large crowd for the opening day yesterday. The exhibits in Marquette Hall attracted considerable attention and were of excellent quality and abundant. The program was carried out according to schedule.

CHURCH OF GOD IN CHRIST

The services of the Tabernacle Church God in Christ are progressing. The evangelist, Brother Arthur Belanger arrived in the city yesterday and will hold a two weeks' revival at the tabernacle. All welcome. Come and hear him. Mrs. Pauline Hunt and Mrs. Killions are still in the city.

Have Been Attained by Keeping a Car Properly Lubricated.

The essential difference between an old car and a new car is the amount of wear that has taken place in the old car. Every mechanical wearing place of any importance in any automobile is provided with some means of lubrication. This shows that the factory who made the car recognized the importance of lubrication.

The cost of lubrication is about 2 per cent of the cost of new parts. Are you anxious to increase your operating cost 98 per cent?

The Ladies Aid of the Congregational church entertained the members of the church choir at a banquet last evening. Mrs. L. S. Doane had charge of the arrangements and was ably assisted by a large number of the other ladies. Following the banquet the choir held a rehearsal of the cantata which they are preparing, to be presented sometime the latter part of November.

Garnett Hedge is the director of the choir, which is making rapid strides toward being the best church choir of the city.

Hi Y Meeting at Brooklyn Church

About forty members of the local Hi Y club were present last night at the regular meeting at Brooklyn church. Following an excellent supper served by the ladies of the church, the meeting was called to order by President Baldwin. He announced that the rules of discipline and the penalties therefor would go into effect at the present meeting.

Harold Hembrough, Merle Martin and Lawrence Hembrough were appointed a committee to sell the Hi Y pictures taken recently in front of the high school. It was voted to send resolutions of sympathy to the Hunt family. Three alumni members of the club were present and made short talks. They were Kieth Scholfield, Russel Rawlings and Harold Craig.

Following the business session, the meeting was turned over to Rev. Marbach, who gave the boys a talk on "Immortality."

Parent-Teacher Association Meets

The Franklin-Morton Parent-Teacher association held the first meeting of the fall season Tuesday afternoon at the Franklin school. The president, Mrs. Elmer Haneline, presided and an interesting program was carried out before a large audience. The program opened with a group of songs by fifth grade pupils from

the Franklin school. Next came a piano solo by Dorothy Richards of the Morton school.

Supt. B. F. Shafer was the speaker of the afternoon and emphasized among other things the need of few grade school buildings in the city. He also urged parents to keep in close touch with the progress of their children as indicated by their report cards, and emphasized the desirability of punctuality on the part of the student. A group of vocal selections by Miss Nellie Self brought the program to a close.

A business session was held, followed by a social hour and the serving of refreshments, the mothers of fifth grade pupils being the hostesses.

DISTRICT WOMEN'S CLUBS IN CONVENTION

District Meeting at Roodhouse Draws Many Delegates—Social Pleasures Mingled With Discussion of Interesting Themes.

The twenty-third Annual meeting of the Federation of Women's Clubs of the Twentieth Congressional District convened with an auspicious beginning Tuesday morning for a two session at the Christian church at Roodhouse with the Roodhouse Woman's Club as hostesses. The church was beautifully decorated. The auditorium in greens and browns, ferns and autumn leaves being used effectively while in the dining room in the basement the Hallows'en thought was emphasized, corn and pumpkin in the windows and crepe paper and lanterns completing the decorations.

Following the registration of delegates, a splendid courtesy luncheon was served to the delegates, over fifty being seated. Mrs. Luella Henry asking the blessing.

The president, Mrs. J. Marshall Miller, called the meeting to order and after the reading of the minutes by the secretary, Mrs. Rawlins, Dr. Hallock of Roodhouse rendered a vocal solo, "King of the Deep Sea," by Kronsche. Mrs. W. S. Jones of Jacksonville then spoke to the convention on the subject, "Hitching the Home to the School." Mrs. A. L. Adams of Jacksonville presented "The League of the Country for Health" stating the tuberculosis situation at the present time, and also gave a very interesting report of the activities of the league covering the period when the first survey was made in 1919.

She also presented charts showing the survey in a number of countries, and made comparisons of the number of reported cases of tuberculosis in the various countries of the 20th district. The report showed that only about 50 per cent of tuberculosis exists as compared a number of years ago. She made an appeal to all present that the good work long this line might continue, so that this disease which is such a menace may be entirely eradicated.

Mrs. Rainey, wife of Congressman Henry T. Rainey of Carrollton was present and was called upon for a message to the convention.

She graciously responded and gave a very interesting talk about the line of women's responsibilities, and referred to the predicted great amount of legislation that will be discussed at the coming congress, and that women must learn to think for themselves, and know when these questions come up, where they stand, and not yes for a proposition because it is easier to vote yes instead of no, or vice versa.

At the conclusion of the program a delightful informal reception was held at the beautiful residence of Mrs. C. E. Braznell, where the delegates and guests were taken by auto and had the opportunity of meeting one another, and a social hour was highly enjoyed. Tea was served during the social hour. After the social the party was taken back to the church where a 6 o'clock dinner was served in the basement of the church. The president called upon Mrs. W. E. Shastid, of Springfield, to tell the guests about her recent trip around the world, which she did in a most pleasing and graphic manner.

The cruise was made on the "Empress of France," over 800 making the trip, starting from New York to Cuba, thru the Panama Canal up to San Francisco and then to Hawaii, which she characterized as a dream city. From there to Japan, thence to China, later to Egypt and then to France, England, Montreal and home. In all the trip Mrs. Shastid expressed herself as more interested in the people than the country, despite the lure of many of the foreign lands, Egypt, especially was interesting and attractive, "perhaps on account of its age," she said.

The evening program was opened by a solo by Miss Hilda Van Tuyle followed by an address by Rev. A. E. Cole of Roodhouse, who spoke on the subject of "Woman's Responsibility and Opportunity." Rev. Cole said woman's greatest sphere was her home; housekeeping in its biggest sense. He also spoke of the wonderful privilege woman had in the ballot, and that to neglect to go to the polls was neglecting a duty.

"From Private Opinion to Public Action," was the subject of Mrs. W. W. Ramsey's talk, who spoke of the formation of public opinion from the indefinite shape thought takes in the human mind to the definite thought on a given subject, how when groups come to the same thought or definite opinion, it permeates the majority of the people it becomes a public opinion, and public opinion functions when it expresses itself at the polls. Public opinion is still the biggest power in the United States. She detailed the methods of forming public opinion and reviewed the various ways, the pulpit, press, schools, literature, all being instruments thru which public opinion is formed.

Wednesday's program promises to be very interesting and many more guests are expected. The following were present from Jacksonville Tuesday: Mrs. Mary W. Holmes, Orleans; Mrs. F. M. Roberts, Mrs. Frank L. Mawson, Miss Bessie Hopper, Mrs. A. L. Adams, Mrs. Frank L. Green, Strawn's Crossing; Mrs. John F. Pukley, Mrs. M. P. Shanahan, Mrs. Violet Davis, Mrs. W. W. Anderson, Chapin; Mrs. Chas. Strawn of Alexander, and Mrs. W. S. Jones.

SPANISH CLUB TO ISSUE A PAPER

Publication to Offer Six Times During Year—Club to Affiliate With New York Organization

El Circulo Espanol, the Spanish Club of Illinois Woman's College met for its first social and business session of the year Monday evening, at the home of Miss Nora B. Thompson. At the business meeting, which preceded the supper, three important matters were ratified by the club.

Although it is only beginning its second year of existence, the club decided to affiliate with the Institute de Las Espanas of New York City; this is the foremost organization of this country, of persons interested in the study of Spanish literature and customs. To be affiliated with this organization assures the club of close touch with the latest developments and progress of Spanish in all its phases.

It was also decided to award a prize to the student who makes the greatest progress in the department during the year. This year six of the club members are majoring in Spanish.

Another interesting measure decided upon is the publication of a Spanish paper six times a year; this phase of the work in Spanish is new in most colleges. Marianne Thompson was elected editor-in-chief and Martha Logan business manager, at this meeting, and it was decided to begin work at once on the first issue, which will feature letters from former members of the club, who are attending other schools this year, but who wish to subscribe to the paper. It is hoped to establish an exchange list with other schools.

After a Hallows'en supper the new members entertained the club with a varied and amusing program. Twenty-four I. W. C. students are members of El Circulo Espanol.

L. P. OWENS RECEIVES FEDERAL APPOINTMENT

Former Local Man is Given Office of State Prohibition Director, Chicago Message Says.

Capt. L. P. Owens of Springfield, formerly a well known resident of this city, was yesterday appointed state prohibition director of Illinois, according to private advice received by the Journal last night from Chicago. Capt. Owens has been for about fifteen years connected with the state auditor's office in Springfield, where he has rendered efficient service.

No details of the appointment of Capt. Owens as state prohibition director have been learned, but it is supposed that the information was given out from prohibition enforcement headquarters in Chicago.

During the Spanish American war Capt. Owens served with the Fifth Illinois Infantry. For a time he commanded Company B of Jacksonville at the beginning of the World War.

Last night the following telegram was received over the Associated Press wire from Springfield:

"Springfield, Ill., State Journal Oct. 30.—Rumored here Major L. P. Owens Adjutant American Legion will be named prohibition director of Illinois. Cannot verify from this end."

ALL SET FOR BIG HALLOWE'EN FETE

Last night the committee that has arranged the Hallows'en festival for this evening decorated the public square with pumpkins and fodder. Today the trucks will be placed at the corners of the square and the runways built, so that the contestants may pass in front of the judges.

Unless the weather is bad, the event will be carried out tonight as per schedule. After the big parade many of the characters will not doubt attend the American Legion dance at the Auto Inn.

W. W. GILLHAM BACK FROM WESTERN TRIP

Mr. and Mrs. W. W. Gillham returned last night from the west, where they have been for an extended visit. Mr. Gillham attended the sixth annual convention of the National Selected Morticians, which was held at Pasadena, Cal.

While on the trip Mr. and Mrs. Gillham visited Los Angeles, San Francisco, Pasadena and Seattle.

ALEXANDER NOTES

The Missionary society of the M. E. church will meet Thursday afternoon at the home of Mrs. Lester Gray. The assistant hostesses will be Mrs. C. H. Beerup.

Mrs. C. M. Strawn is visiting friends in Roodhouse this week. Reuben Davis, for many years a resident of Alexander vicinity, is leaving soon for California, where he will spend the winter.

FORUM MEETINGS WILL BEGIN SOON

Forum President J. H. Dial has arranged for the opening of the winter series of Forum meetings for the membership of the Chamber of Commerce on the evening of Nov. 7. At this time James Heron, a Scotch poet, lecturer and author, will address the members on "Building Better Business by Building Better Men." Mr. Heron will also talk to the high school students at the morning assembly period of Wednesday, the 7th, on the subject "Keep on Keeping On." He will speak to the Kiwanis club and to the employees and officials of the Jacksonville State hospital.

Arthur Cody will again be chairman of the forum entertainment committee and Thomas Coyle will be chairman of the attendance committee. Dr. Dial will announce later the three vice presidents and other members of the Forum Executive Committee.

On Nov. 27 Prof. Holden of the International Harvester Co., who addressed the Kiwanians sometime ago, will be in the city in the interest of city plan movement. It is probable that he will be booked for a forum address.

RURAL ROUTE PATRONS CAN HELP SERVICE

Strict Attention To Various Regulations Urged—Should Keep An Eye on Road Conditions—Post Master Completes Inspection Work.

By direction of the Post Office Department, postmasters thruout

the country have this month made an inspection of the rural routes from their offices. The purpose was that they might ascertain by personal observation and make report whether the roads used were in good condition for travel the routes well arranged, boxes properly erected, so as to be easily reached by the carriers without difficulty and without obstructing travel, the

carriers serving their routes as officially prescribed, the schedule observed, and whether the families served were satisfied with the service rendered, or there were improvements which could be suggested in the interest of the patrons or the Department. It became necessary, in connection with the inspections, to request many patrons to take action to the end that their boxes might conform with the regulations as to kind, condition, location, or height, and in having the name of the owner plainly printed on them. Also, to bring to the attention of road overseers or other responsible persons the need for improvement in roads or repair or construction of culverts or bridges.

It is the desire of the Department, and its purpose, to provide adequate and convenient service, so far as may be possible, to all persons residing in rural communities, but this end cannot be attained without the full cooperation of the patrons in the efforts of postmasters and carriers to serve them promptly, regularly and satisfactorily. Whatever facilities the work

of the carrier is of direct benefit to the patrons, for the greater the ease and speed with which a carrier may cover his route the earlier and better the service afforded.

So, patrons of rural delivery can greatly help themselves by helping their carrier, seeing to it that roads are kept in good condition and promptly opened after storms, by keeping the approaches to their boxes clear, and by promptly and willingly correcting any irregularities affecting their boxes when asked to do so.

Another great assistance that patrons can render carriers is by keeping themselves supplied with and using stamps instead of placing unstamped mail, with money for the purchase of the required postage, in the boxes. This delays the carrier and sometimes imposes a great hardship on him, especially in cold or stormy weather. If preferred, stamped envelopes, either printed or plain may be obtained from the carrier, are of good quality, and cost but little more than the value of the stamps upon them, and are redeemable at the value of the stamps if damaged, but returned in a practically whole condition.

If necessary to place money in a box, it should be put in a coin-holding receptacle or be properly wrapped so as to be easily picked up by the carrier. Money for the purchase of money orders should not be left in the boxes, but should be handed to the carrier and a receipt obtained.

SIGMA PI TO DEBATE OAK LAWN QUESTION
The Sigma Pi Society of Illinois College has postponed their debate from Friday evening of this week to next Monday evening on account of a "pep meeting" which will be held after the Monmouth-Illinois football game next Friday afternoon.

The subject for debate at this time will be: "Resolved, That Oak Lawn Sanatorium Should be Continued." This is a very timely subject coming at this time since the election on the question of discontinuance of the Sanatorium will be held the following day. The interest of the students in public affairs and their willingness to acquaint themselves with problems that come before the public is shown by the subject they have chosen for debate. The public is cordially invited to attend this debate.

Grace Church Doings

Sunday was a very important date in the calendar of events in the church, it being the occasion of the Every Member Canvass. At the close of the morning discourse, by the pastor, upon the subject, "From the Sublime to the Ridiculous," the men who were to do the canvassing were called forward. It was an inspiring sight to see the splendid bunch of forty men engaged in this important piece of church work. The canvass, while not entirely completed, was very satisfactory as far as it proceeded. The committee having the matter in charge are very anxious to get the canvass completed at once and are proceeding with all possible haste.

There were present 364 in Sunday school, with an offering amounting to \$14.07. Norman Campbell sang a solo that was greatly appreciated. Two weeks from Sunday will be 606 Day in the school, and great efforts will be made to have the number present.

Junior league met at 4:30 while the Intermediate and Senior leagues met at 6:30 in their usual helpful services.

The subject of the evening sermon by the pastor was "In Training For the Game." As usual this sermon was followed very closely by an attentive audience. The music was of a very high order. The efforts of the choir are certainly appreciated.

Tuesday evening the Epworth League will give a masked Halloween social for the young people of the church and friends among the town people and students.

Wednesday evening the regular mid-week prayer service, to which all are invited and urged to attend.

On Thursday and Friday the Illinois Conference Home Missionary meeting will be held in Grace church. Special programs of interest during these days. Upon Thursday evening a luncheon will be served. All expecting to attend this luncheon please notify Mrs. W. H. Cocking or Mrs. H. J. Capps at once.

OLD PEAR TREE STILL YIELDS FRUIT

Danvers, Mass. — (A P) — A pear tree which was brought from England by Governor John Endicott of the Massachusetts Bay Colony in 1630 and planted on his farm at Danversport is still bearing fruit. About a bushel of pears was its harvest this year.

The tree is protected only by a picket fence. Tradition has it that it was a custom of the governor to send a basket of the pears each year to the King of England. President Lincoln is said to have visited the tree and eaten of its fruit. When President Calvin Coolidge was governor of Massachusetts he came here to see the tree and characterized it as "one of the most remarkable living landmarks of the early history of New England."

HE IS LOOKING 'EM OVER AGAIN

"Eight years of stomach and liver trouble reduced me to a walking skeleton. My skin was dried up and as yellow as a twenty-dollar gold piece. I was filled with gas and had severe pains in my right side. I could not think and had lost all ambition to do anything. Doctors' medicine did not touch me. My cousin advised Mayr's Wonderful Remedy, which snatched me from the grave. I have gained sixty pounds, eat like a hired man and am looking 'em over again." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. STAGG AND ZUPPKE PREPARING TEAMS FOR GREAT BATTLE

Game Will be Played Before Homecoming Crowd of 60,000

CHICAGO, Oct. 30.—Two master minds of football are being concentrated this week on the perfection of opposing gridiron machines whose clash on Saturday will go a long way toward determining the Western Conference championship.

Alonso Stagg, veteran coach of the University of Chicago has turned his mind to the solution of one of the most difficult problems of his long coaching career—the development of an attack that will give his team a victory over the University of Illinois eleven in the feature game of the week.

Coach Bob Zuppke, crafty mentor of the Illinois is at the same time pitting his football wits against those of the Chicago coach. He has a homecoming crowd of 60,000 intent on a victory over an ancient rival to satisfy.

In common with other Big Ten teams with games on their schedules for Saturday and Illinois are putting in a hard week of work behind closed gates. Today opened the three day period of concentrated training and scrimmaging.

Michigan and Iowa, both of whose teams came out of last Saturday's games in good shape, will put on an interesting match Saturday, second in importance to the Chicago-Illinois fray. Iowa gave such a display of strength in defeating Ohio, considerable worry has been caused in the Michigan camp where championship aspirations are held high.

The Minnesota eleven is reported to be in good form as it starts training for Northwestern. Gross, big tackle, is said to be not so seriously injured as first thought when he was carried from the field in the Wisconsin game and he may be back to strengthen the line. Northwestern was an easy victim for Illinois and is expected to succumb to the Gophers.

Notre Dame's strong team runs against the Purdue eleven on Saturday. The Boilermakers gave an exhibition against Chi-

cago that lends interest to their match with the Notre Dame 11 so far undefeated. Indiana and Hanover will engage in a contest that has little attraction in the Big Ten.

Wisconsin is resting this week after its scoreless game with Minnesota on last Saturday. The Badgers are getting into condition for the Illinois game two weeks hence. Coach Ryan is spending most of his time on the perfection of offense and it is considered likely that Wisconsin may spring a forward pass attack when next it gets into action.

ILLINOI TO OPEN MEMORIAL STADIUM

URBANA, Ill.—When the 60,000 football fans gather here on November 3 for the Chicago-Illinois Homecoming game which inaugurates the new Illinois stadium, they will see a structure unique in American architecture.

There are other stadia in the United States, built with the sole idea of accommodating the largest number of spectators at the games played in them, great masses of steel and concrete, a material whose brightness soon weathers into a dingy gray.

But the Illinois stadium is something more than a gigantic grandstand built around a gridiron. It is the only stadium in the country in which the idea of architectural beauty has been combined with utility. Age will serve only to add to the attractiveness of its walls, built in the Georgian style of architecture of red brick and buff Bedford limestone.

Perhaps the principal reason for its architectural beauty lies in the fact that it is a memorial stadium and the stately memorial colonnade of Roman Doric columns, one for each University of Illinois soldier who died in the World War, will show that the Stadium is dedicated to something more than the cause of athletics.

Even if this stadium was built only to accommodate the great crowds which throng to intercollegiate contests, it would still excel other similar structures. For of the total of 55,000 seats, every one of which will be built on Homecoming, 75 per cent are along the sides of the football gridiron within the limits of the opposing goal posts.

In the famous Yale Bowl not more than 33 per cent of the total number of seats afford their occupants such a complete view of the whole field and the Ohio State university stadium seats less than 50 per cent of its spectators in such a favorable position.

In the Illinois stadium even those who compose the other 25 per cent of the crowd, the spectators whose seats are beyond the line of the goal posts, will have good seats for the farthest seat is not more than 54 feet beyond the lines where the touchdowns go over.

The 55,000 seats which will hold the Homecoming throng are in the east and west stands along the sides of the football field, each consisting of a main floor accommodating approximately 18,000 persons and a balcony seating more than 9,000. The plans for the completed stadium, which with its memorial and other features will not be finished until next year, provide for joining the two stands at the north and south ends whenever it becomes necessary to have more seats, bringing the total capacity up to 120,000.

Among these other features are two great halls beneath the two stands, each 414 feet long and 50 feet wide to be used for basketball, handball and other intramural sports. Training quarters, team rooms, showers, locker rooms and an emergency hospital will be located in the towers at the north end of the stands. The football field is to be circled by a quarter mile track with two 220-yard straightaways.

One feature which will be appreciated by the Homecoming crowd will be the facilities provided for the spectators to reach their seats and for emptying the great structure after the game is over. This is the system of tunnels and ramps (including passages) which will take the fan to his seat even though it be in the topmost row of the balcony, so swiftly and so gradually that he will scarcely realize he is reaching an elevation of more than 100 feet above the playing field.

According to the estimate of the architects, assuming a minimum rate of walking for the crowds leaving the Stadium after the last whistle has blown and the last notes of Illinois famous "Loyalty" song has died away, eight minutes will the great structure completely emptied and it will be emptied without any congestion—wide are the exits and passages from all sections of the two stands.

MAYS IS DONE
New York.—Pitcher Carl Mays, once star pitcher of the New York Yankees, the player who almost disrupted the American League, is certain to pass from the ranks of that organization before the opening of next season. That fact contrast that Mays had with the club ran out at the close of the 1922 season. In all probability he will be used as trading material. Loss of his fast ball, the most deceptive feature of his pitching, was the cause of his lack of effectiveness this year.

SPLIT BALL PASSES
Chicago.—The day of the split ball pitcher is fast passing. In the American League "Red" Faber and Stanley Coveleskie, two of the stars, are beginning to show the wear and tear of the split ball. A sore arm kept Coveleskie out of the game for the last six weeks of the season and cost Cleveland second place. Faber was also ailing during the closing month, yet he came thru with a well-pitched game in the Chicago series, beating the Cubs.

Facts About Illinois' Wonderful Stadium

Contract to date upwards of \$1,700,000.

It is a gift by 19,000 alumni and students.

It covers eight acres. Each stand is 546 feet long and the top is 112 feet above the level of the playing field.

Some of the material required:

Structural steel—2700 tons.

Reinforcing bars—800 tons.

Bricks—4,800,000.

Cement—50,000 barrels.

Cut stone—7200 tons.

Lumber—404 miles six inches wide used in forms.

Seats—17 miles of seats covered with 21 acres of paint.

Far more spectators can watch the game from the sides of the gridiron within the limits of the goal posts than in any other stadium.

The stadium can be emptied in eight minutes.

It is the first stadium to emphasize architectural beauty by the use of red brick and white stone.

It will commemorate the memory of 200 Illinois men who died in the world war.

It will be the center of a vast system of intramural athletics as well as an intercollegiate arena. Last year nearly 600 men participated in some kind of sport.

It will be opened Nov. 3 with the Chicago-Illinois game. Other stadium games: Wisconsin, Nov. 10; Mississippi A. and M., Nov. 17. It will not be dedicated until 1924 when memorial and other features will be completed.

ZUPPKE HAS TEAM GOING AT TOP SPEED

URBANA, Ill. Oct. 30.—With starters in several line positions against Chicago Saturday doubtful, Coach Bob Zuppke had his Illinois going at top speed to capture varsity berths tonight.

Shimmer was used in Miller's place at right guard on the regulars and may be there when the whistle blows Saturday. "Stub" Muhl was used at right end, with Dwight Pollette opposite him; Frank Rokuske and Ted Richards getting their berths back later in the scrimmage with the freshmen. Gil Roberts has been moved back to the substitute center job and Crawford Margolls, Fisher and Dick Hall are battling for tackle assignments.

TRAYNOR SHINES

Pittsburgh.—"Pie" Traynor of the Pittsburgh Pirates is easily the best third sacker in the National League, and probably the best in either major league, if you are willing to take the word of Hughey Jennings. Traynor is a natural ball player with a world of ability, says Jennings, and he hasn't yet reached the peak of his game. Joe Dugan of the Yankees is great, but Traynor is greater, opines Jennings.

RUTH IN VAUDEVILLE

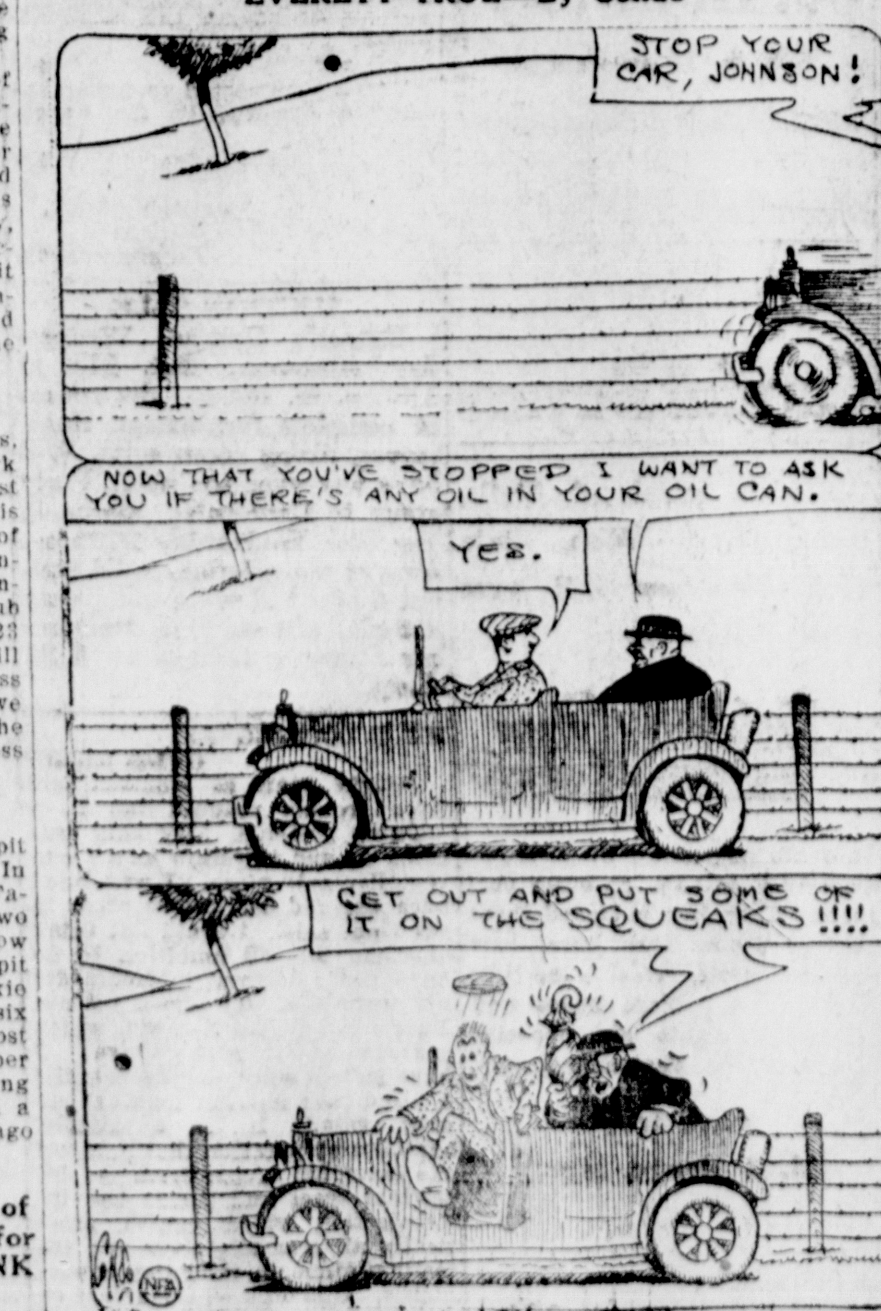

Boston, Mass.—Babe Ruth, home run star of the majors, is going on the stage again. The Yankee star signed a contract this week to appear in vaudeville. Ruth's last appearance in theaters was not highly successful. As a singer he was a fierce flop. The Babe promises not to sing this time.

A WISE EXPERT

Havana, Cuba.—Pitcher Luque of the Cincinnati Reds was the only National League player to pick the Yanks to beat the Giants. In a signed article, Luque said good pitching would stop the Giants, and the Yankees had such pitching.

GAME WITH WAVERLY HIGH IS POSTPONED

Jacksonville School Will Not Resume Football Schedule Until November 10th Out of Honor to the Late Captain Palmer Hunt.

Coach John Mitchell of the Jacksonville High school football team announced yesterday that he had cancelled the football game to have been played here Saturday, Nov. 3, with the Waverly High school team. The game was cancelled as a mark of respect to Captain Palmer Hunt, who died Saturday.

The Waverly high school coach agreed to the cancellation and said he would probably play some who died Saturday.

Coach Mitchell said that the scheduled game would be resumed on November 10, when Jacksonville plays Springfield high school here. The following Saturday, Nov. 17, Quincy high school comes here for a game.

The local high school team will resume their daily practice tomorrow and Coach Mitchell will put the team thru a series of stiff workouts to point the boys up for the Springfield game.

AMERICAN YEAR

New York.—This is an American League year in the matter of post season games. The world series, and the next ranking event in a baseball way, the Chicago city series, both went to the American League. At the start it seemed very much like a rout of the American Leaguers. The Giants won two of the first three, only to have the Yankees come back with three straight wins. After losing the first two to the Cubs, the White Sox took the next four.

Arenzville was represented in Jacksonville by Miss Beryl Plank.

CHICAGO STAR

One of the outstanding teams in the Western Conference this year promises to be Chicago. Coach Stagg has a wealth of fine material and one of the brightest stars is Jimmy Poyt, fleet-footed young man who is esteemed highly for his ball-carrying skill.

MILLIKIN HOMECOMING

James Millikin university at Decatur, Ill., is planning for its biggest homecoming yet, on November 9 and 10. The preliminary events of the entertainment will be the Glee club sing, the annual class scrap between the freshmen and sophomores, the homecoming play and pep meeting, the annual homecoming parade at which the organizations on the campus will compete for the 12-inch loving cup awarded for the best float. The big smash in the way of climax will be the Millikin-Wesleyan football game on the afternoon of November 10. Millikin and Wesleyan have each one victory over the other and there is one tie game. Interest is therefore at terrific heat.

ADVISORY BOARD'S BIG SPLIT STIRRED ROOKIE'S INTEREST

Here is a tale of the world series that deals with a Yankee recruit who was viewing his first baseball classic. It would be rather unkind to mention his name.

Since the players of both teams share in only the first four games, it is customary for the athletes to peruse with much care the tabulated figures showing attendance, receipts and amounts that go to players and club owners.

Until Judge Landis arrived on the scene the supreme body in baseball was the national commission. Now Landis is the boss, with the two league presidents forming what is known as the "advisory board" of baseball. The expenses of this board is taken care of by the world series receipts, a deduction of something like 15 percent of the gross receipts being made.

In the financial tabulation of the series the words "Advisory Board" come in for so much money each day. Finally when the amount had passed the \$100,000 mark, one of the Yankee rookies could no longer contain himself and taking one of the veterans into his confidence he asked:

"Who is this guy Advisory Board, what team is he on and what did he ever do to get so much dough?"

COCHRAN WON FROM FRENCH OPPONENT

New York (A. P.)—Oct. 30.—Welker Cochran of Los Angeles today defeated Roger Conti, of France 500 points to 457 in the second match for the world's 18.2 ball line billiard championship.

BASEBALL "HAMS"

Cincinnati.—Infielder Fonseca of the Cincinnati Reds is the "Caruso" of baseball. He plays big time in vaudeville during the winter months. Sammy Bohne of the same club also has a leaning for the stage and does a magician act that is said to be very clever.

A Constructive Force

FROM the day when its first refinery was opened, it has been the earnest endeavor of the Standard Oil Company (Indiana) to be a constructive force in the industrial life of the nation.

With all modesty we say—frankly, sincerely, and with profound conviction—that this organization has been such a force.

When this Company was organized, only a few products were taken from crude oil. Today, hundreds of products—useful, convenient, imperatively needed by the public at large—are taken from this single base.

This industrial husbandry, redounding to the material benefit of mankind, is eloquent in demonstrating the kind of work which the Standard Oil Company (Indiana) has been doing year after year.

This Company always has been a leader. The advanced work it has done in research, discovery, technical application, development and manufacturing, has added much to the wealth of the world.

Hundreds of industries have improved their manufacturing processes and largely increased their productivity because of the advanced work this Company has done—and such improvement has enabled the manufacturer to sell his products at a lower price than would have been possible otherwise.

Because of the Company's advanced thinking, planning and preparation the price of petroleum products generally has been kept within reasonable bounds in the face of a demand which is unprecedented in history.

Every factor in this great organization is carefully attuned to the constructive ideals of conservation, equity, fairness and justice, which in turn have operated in a comprehensive way to the distinct and material advantage of the thirty million people living in the Middle Western States.

STOMACH UPSET?

Get at the Real Cause—Take
Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 15c and 30c

Market Report

By The Associated Press

DROP IN OIL SHARES MAKES WEAK MARKET

FINANCIAL.
Total stock sales 576,300 shares.
Twenty industrials averaged 85.93; net loss .27.
High 1923: 105.38; low 86.01.
Twenty railroads averaged 89.31; net loss .21.
High 1923: 90.51; low 79.53.

NEW YORK, Oct. 29.—Heavy selling of the oil shares, based on a further reduction in mid-Continent Crude Oil prices, imparted a reactionary tone in today's stock market. Speculation for the decline was influenced also by the relatively high renewal rate for call money, lower refined sugar prices and the cut in the national enameling dividend from \$6 to \$4 annually.

Declaration of an extra dividend of 1 of 1 cent on the common stock of the United States Steel corporation proved to be one of Wall Street's most carefully guarded secrets.

The announcement was made after the market closed, the stock showing a net loss of 1 1/2 at 86 1/2, the final quotation. Chairman Gray declared that while new business was only about one half of productive capacity, inquiries were unusually large and he expressed the belief that many of them would be translated into actual contracts in the near future.

Wall street was also cheered by the report that Great Britain had accepted France's terms for a conference of experts to consider Germany's capacity to pay. Foreign exchanges held steady, dollar and sterling being quoted around \$4.48, French francs around 5.7, and Italian lira around 4.5. German marks fell back to one cent a billion.

Call money opened at 5 per cent, eased off to 4 1/2 and thence to 4 where it closed.

Selling of U. S. government bonds under way for several days subsided some although most of these issues receded slightly. Total sales (par) \$11,126,000.

CHICAGO LIVESTOCK

CHICAGO, Oct. 30.—Cattle receipts 13,000. Fed yearlings, handy weight desirable beef heifers steady to strong; spots higher, good to choice grades, matured steers steady; others dull. WHEAT PRICE RALLIES ON EASTERN BUYING

CHICAGO, Oct. 29.—Although wheat averaged a little lower in price today eastern buying brought about rallies. Imports of Canadian wheat into the United States had some bearish influence, but sellers were cautious on account of possibility of government action which might give an advantage to bulls. The close was unsettled at 1c net decline to 1 1/2c advance, with December 1.05 1/2 to 1.06 and May 1.10 1/2. Corn finished unchanged to 1/2c lower, oats 1/2 to 1/4 off and provisions unchanged to 2c higher.

LITERBERRY MISSION CIRCLE MET RECENTLY

Mrs. Stella Roach Hostess to Circle Members at October Meeting — Other Literberry News.

Literberry, Oct. 30.—The mission circle held the October meeting with Mrs. Stella Roach. Eight members were present and two invited friends, besides the children. Miss Edith Scribner read the 143d Psalm, Mrs. C. A. Bevers offered prayer.

After the business session, the new books were reported and approved. Mrs. Grey gave a good reading with the subject "The Password, John 3-16." There was a social hour when refreshments of the very best were served.

Mrs. Roach proved herself a fine hostess, making everybody welcome. Mrs. Nettie Scribner assisted the hostess. A good offering was taken and the benediction followed.

Rev. Ritchie, wife and daughter Dorothy visited at the home of D. K. McCarty and wife on Thursday afternoon. Mr. Ritchie is the pastor of the Grace Chapel and Concord M. P. churches and lives in Concord.

Mrs. John Guy and Miss Lora Petefish attended the Sunday School convention at Durbin on Sunday.

Mr. and Mrs. C. P. Henderson, the newly married people of Shady Oaks attended services at the Baptist church on Sunday morning.

Rev. William Johnson of Jacksonville preached a fine sermon Sunday morning at the Baptist church from Matthew 6-6. This was a splendid sermon, earnest and helpful. Mr. Johnson said prayer, and continued prayer, was necessary to live a true Christian life, for a prayerless person is without power to receive good or do right.

FAVORS OAK LAWN

Editor Journal:—

The coming vote on the proposition to discontinue the tax for our tuberculosis sanatorium has brought a large element of voters who are interested in public health matters to their senses. In the first place we were assured by the secretary of the Board of Health that the eyes of the state were on Morgan County in its experiment with a whole time health office and the fact that there are possibly 300 cases of tuberculosis in our county at present goes to show that we need aggressive work along this line to check this disease. We would not do it by closing our sanatorium and permitting these cases to spread the disease.

We should look on our sanatorium as a school where incipient cases could be cured and taught how to keep from re-spreading the disease.

It is surely an economy for this county to look after even 15 patients as at present and prevent lapsing or spreading the disease! but if the work is properly organized we can do doubt find many more who need the treatment and are now at large spreading the disease. This county could easily furnish 30 to 40 patients and our neighboring counties 10 or 15 more. The overhead expense would be very little more for a full sanatorium than it is now when there are but 15.

Our taxes for the coming year will be just the same whether the sanatorium is retained or not. We have paid the limit in county taxes the last few years and the rate assessed for next year is the limit. So don't labor under the illusion that your taxes will be less if you discontinue the sanatorium.

We have taken a progressive step as a county. We have a whole time health office. We have a sanatorium. We dare not take a backward step by moving out the sanatorium.

So on Nov. 6 vote No on the proposition to discontinue the sanatorium tax.

WAR HATREDS STILL ALIVE
LONDON, (AP)—It is too soon to expect the end of racial antipathies engendered by the war, in the opinion of the rector of a small town in Norfolk. He recently learned a lesson that was pointed and conclusive.

Wanting to embellish a war memorial in the town with some carved figures, the rector took it upon himself to order the work done. In due time the figures arrived and were installed. Then the trouble began, for it was learned that the figures had been carved in Germany. A storm of indignation broke upon the head of the rector. He appealed to his church superiors for support, which was not forthcoming, and then retired as gracefully as might be from his impossible position.
